****End Of Report****Please visit www.srlworld.com for related Test Information for this accession**CONDITIONS OF LABORATORY TESTING & REPORTING**

1. The result relate only to the items tested in our laboratory.
2. For tests performed on specimens received from other locations, it is presumed that the specimen belongs to the patient named or identified, such verification having been carried out at the point of generation of the said specimen.
3. The test results reported are for the information of the referring doctor only.
4. The technical note given below a test heading is a general comment on the TEST.NO
5. A requested test might not be performed for the following reasons:
 - a. Specimen quantity is insufficient (in-adequate collection/spillage in transit)
 - b. Specimen quality unacceptable (hemolyzed/clotted/lipemic/etc).
 - c. Incorrect specimen type.
 - d. Test may be cancelled either on request of patient or doctor, it is expected that a fresh specimen will be sent for the purpose of reporting on the same parameter.

6. A test requested might yield "INVALID RESULT" for various technical reasons. It is expected that a fresh specimen will be sent for the purpose of reporting on the same parameter..
7. In the event of unforeseen circumstances, unavailability of kits, failure of test runs, instrument breakdown, DDRC AGILUS PATHLABS LIMITED will make all efforts to minimize the delay in reporting..
8. Any query from referring doctor pertaining to this report should be directed to concerned HOD at DDRC AGILUS PATHLABS LIMITED.
